July 2018 to Present

At WPTA I fill the role of Art Director and Creative Services Producer for ABC21, Fort Wayne's NBC, Fort Wayne's CW, and MyTV Fort Wayne. I work directly with the News Room to create new story graphics and animations templates. For the Sales Department I produce ads across all stations and platforms in many forms of print and media. For WPTA as a whole, I keep the station updated with photos, videos, and materials for staff to use cross-platform. I also help film and edit commercials when time allows.
